

GENUINE
PARTS

ONLY THOSE WHO MADE YOUR VEHICLE
CAN MAKE THE BEST PARTS

Access more than
700,000 original parts
for our vehicles*

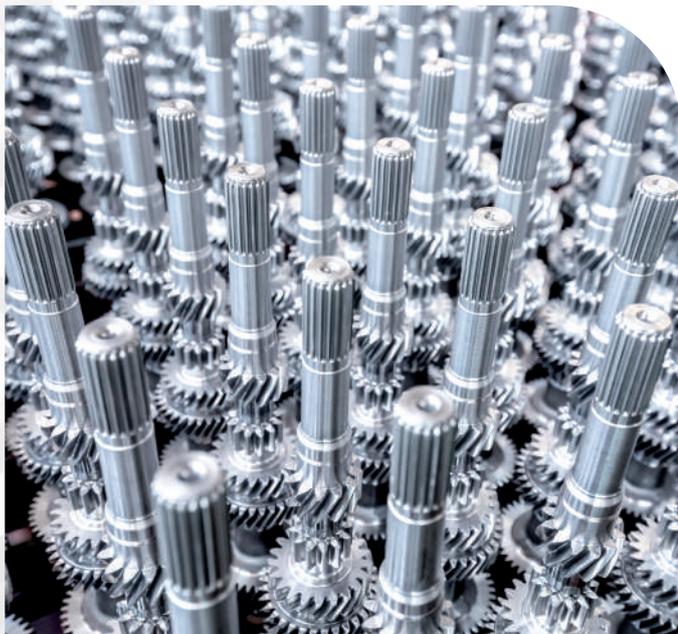

* 10 years after the last vehicle left the factory.

WHY CHOOSE

MOPAR PARTS ARE “ORIGINAL EQUIPMENT”: THE ONLY ONES PURPOSELY DEVELOPED AND PRODUCED FOR STELLANTIS VEHICLES AND THEIR CUSTOMERS

OPTIMAL AUTOMOTIVE PERFORMANCE

Our Genuine Parts & Authentic Accessories are designed by the same people who design our vehicles. No one understands the entirety of Stellantis vehicle's functionality and design like we do. Our full range of parts adhere to strict standards of testing and are made with only high-quality materials providing appearance, durability, maximum safety, comfort and value for your vehicle for years to come.

CUTTING EDGE INNOVATION, KNOW-HOW & TIME-TO-MARKET

Because Mopar Parts & Accessories are developed alongside Stellantis vehicles, they are fully integrated and as technologically advanced as each new vehicle model that is built and are also available at the time of new vehicle launch.

PERFECT FIT

Only Mopar Genuine Parts and Authentic Accessories are perfectly integrated with each vehicle's specifications and design. This means that you can rely on easy replacement with parts that precisely fit every time.

TRUST ORIGINAL PARTS

 Stringent manufacturing processes and continuous improvement.

 Some families of parts are manufactured in-house.

 All parts for the Group's* vehicles available for up to 10 years after the last vehicle was released.

* Peugeot, Citroën, DS Automobiles, Opel and Vauxhall

LOW EMISSION VEHICLES: NEW OFFERS

Our engineers put their extensive expertise to service and repair low emission vehicles (LEVs).

We carry a comprehensive range of spare parts and accessories including a range of charging stations and cables*. Our range includes a solution to safely fit out your workshop and meet your fast charging needs. We also install these stations to industry standards.

* All our equipment has been tested and validated to guarantee performance and safety.

STANDARDS AND REGULATIONS

For even greater safety and reliability, every original part is approved in every country in the world where the car maker's vehicles are sold.

GUARANTEED 100% GENUINE

We** guarantee the origin of each part to maintain long-lasting performance for the maker's vehicles.

To combat counterfeiting, the packaging comes with a tamper-proof label. This is your proof that the part meets regulatory and environmental requirements and safety standards.
